

Boral Roofing
Build something great™

Florida Readily Available Products

Designed for Long-Lasting Performance Across the Region

We have proudly served the Florida and eastern markets for 45 years with products that help enhance the curb appeal and value of your home, as well as provide unsurpassed durability and energy efficiency. With tested performance, our stone coated steel roofing helps to protect your home against wind, hail and fire as described in our express warranty which can be found at [BoralRoof.com/warranties/](https://www.BoralRoof.com/warranties/)

Energy-Efficient

Attic temperatures measured using identical heat sources simulating the sun's radiation, comparing Boral Steel® Stone Coated Roof System with Direct-to-Deck installation and Above Sheathing Ventilation (ASV) to a common asphalt shingle roof. The result is less heat in the attic and lower energy bills.

ABOUT BORAL ROOFING

Boral Roofing LLC is a subsidiary of Boral USA and is the country's largest premium provider of complete roofing and re-roofing solutions for architects as well as commercial and residential builders. Boral Roofing operates manufacturing plants throughout the U.S.

ABOUT BORAL NORTH AMERICA

Headquartered in Roswell, Georgia, Boral North America is a leader in key construction materials and building products markets with operations across the USA, Canada and Mexico. In 2017 Boral acquired Headwaters Incorporated, expanding Boral's product offering and manufacturing and distribution footprint across North America. In construction materials, Boral has a national footprint and industry-leading position in the processing and distribution of fly ash – a by-product of coal combustion.

In building products, Boral manufactures and supplies cladding, roof tiles, windows and other light building products for residential and commercial markets nationally. Boral's manufactured stone veneer includes leading brands Cultured Stone® by Boral®, Boral Versetta Stone®, Eldorado Stone™, Dutch Quality Stone and StoneCraft. Boral's light building products portfolio includes Boral TruExterior® Siding & Trim – a pioneer of the innovative poly-ash category of exterior building products – as well as shutters, gable vents, mounting blocks and tool systems. In roofing, Boral is a leading manufacturer of clay and concrete roof tiles, and also produces composite polymer and stone-coated metal roof tiles.
